

Basic Runout Arbor Storage Stands (465.003)

The basic storage stand is designed for vertical storage of a runout arbor in a protected gauge closet, etc. (the taper is not protected). This stand is included in the arbor price. Stand is made of solid hardwood.

Runout Arbor Travel Cases (465.001)

When a runout arbor is frequently transported from site to site or on a service truck, our travel case with die-cut foam protects the arbor while making it easy to carry. The travel case is not recommended for shipment without additional packaging...

Runout Arbor Upright Storage Cases (465.002)

The upright storage case protects a runout arbor from dirt and damage. The arbor rests vertically in the case, suspended from the flange (when possible, runout arbors should be stored this way). Case is made of 9 ply Baltic Birch.

Custom Heavy Duty Case Services (465.004)

TAC Rockford can custom-design a ultra-heavy-duty Pelican case to store your gauges. A custom foam insert can hold just a runout arbor, or all of your gauges together -- runout arbor, drawbar force, tool changer alignment, or any other gauges that you use in conjunction with the runout arbor...

*The Pelican guarantee does not cover shark bite, bear attack, or damage caused by children under five.

Preventive Maintenance Gauges

Dimensional Gauges, Balancing Masters, Coolant Supply Gauges, Center Height/Master Setting, Tool Changer Alignment Gauges, Machine Set-up Gauges. Also ask us about custom gauges and personalized solutions for your machine or machine tool.

Runout Test Arbors

Available for all major machine tapers, including CAT/DIN/BT Steep Taper, HSK, Capto, KM, Morse, and others.

Chuck Force Gauges

Measure chuck jaw clamping force at high speeds. Also available for other chuck measuring applications.

Drawbar Force Gauges

Measure tool clamping force to protect spindles and ensure machining accuracy.

Custom Machine Tool Gauges

Any gauge for any machine or machine tool.
